

"We help you take advantage of technology so you can support your customers and grow your business."

— Jeff Nolte, President
Chesapeake Telephone Systems

Chesapeake Telephone Systems

Products and Services Portfolio

Why Chesapeake?

At Chesapeake, we're serious about being your single-source business communications partner. For over 25 years, we have taken great pride in exceeding the expectations of our 5,000 customers by...

- Designing cost-saving voice and data solutions that improve your operations
- Deploying leading edge products and services that help you beat the competition
- Providing worry-free installations, warranty programs, and 24 x 7 support services
- Assisting multi-location businesses with regional or nationwide project management
